

MEDLINE STERILE POWDER-FREE EXAMINATION GLOVES

A close-up photograph of a person's hands wearing green sterile examination gloves. The person is wearing a white lab coat, and the background is a soft, out-of-focus white. The gloves are shown in a natural, slightly open position, highlighting their texture and fit.

Selection, quality and convenient packaging make
Medline Sterile Gloves the best choice for protection
during sterile procedures.

STERILE EXAM GLOVE SELECTOR

All Medline sterile exam gloves are powder-free!

Fluid-Resistant Package

Easy to open while eliminating fiber tears and the risk of moisture damage.

Small Pack Size

Fits neatly inside a pocket and requires less storage space.

Folded Like Surgeon Gloves

Easy to use when performing a sterile procedure. Provides a sterile field.

Chipboard Dispenser Box

Keeps corrugated boxes off the floors.

Medline Sterile Aloetouch 12" Powder-Free Nitrile Exam Gloves. Peel open pouch with inner wrap, singles and pairs

Ideal for use in OB/GYN, ER/Trauma, Burn Centers and Pharmacy, or other areas where durable latex-free, sterile protection is needed.

- Extended cuff for extra protection
- Textured for a secure grip
- Aloe coating helps soothe and moisturize hands
- Plastic packaging resists moisture and minimizes fiber tears
- Smaller package is easy to open and takes up less storage space
- Meets ASTM requirements for barrier protection and quality
